

In your Neighborhood MAY 2-12, 2021

What if everyone in our community could have equal access to food that nourishes, creates good jobs, is affordable, and treats the earth well as it is produced? What if non-profit organizations, businesses, congregations, farms, and individuals could come together to achieve this vision? We believe it's possible. That's why we walk. **Share the vision, walk with us.**

As COVID continues to impact our community, we have our virtual walk again this year!

This means households are encouraged to walk in their neighborhoods following CDC and local health department guidelines! You can do your walk anytime between May 2 and May 12.
